Due to certain restrictions by the State Personal Office and the Governor's office regarding the quickly evolving Covid-19 pandemic, it has been decided that the March race dates meeting be cancelled. That being said, the Chairman is requiring all parties to have a discussion prior to the next race dates meeting as agreed at last year's race dates meeting. The next race dates is tentatively scheduled for April 15, 2020. The NMRC also requests that all parties submit a written comprehensive proposal to the NMRC by end of business April 1, 2020. All proposals will be shared with all pertinent parties in order to stimulate a fruitful discussion at the next race dates meeting. Please feel free to contact us if you have any questions or if we can be of further assistance.

Kind Regards,

Ismael "Izzy" Trejo
Executive Director
